To: Group R5Foia/R5/USEPA/US@EPA,

The id number I provided was a state facility id number and is listed on the Michigan part 201 contaminated site list.

The address is identified in the Michigan Department of Environmental Quality Database as

SMDA- Fostoria Landfill  
15100 Metro Parkway  
Sterling Heights, Michigan

The facility is now closed but is undergoing remedial corrective action activities and is on the state contaminated list. We are doing a Phase I Environmental Site Assessment for a portion of the property that is believed to be unaffected. This portion of the property is now occupied by an athletic complex called Bishop Gallagher Athletic Complex, 36301 Utica Road, Clinton, Michigan. We are requesting any records you may have in conjunction with the former landfill facility.

I am not familiar with this site ID number sequence , do you have any information on this ID number?

Thank you.
